

Clinical Trial Concept Development Workshop

One-Day Intensive Workshop for UQ Researchers

This hands-on workshop welcomes all UQ staff and Academic Title Holders eager to evolve **their current research** idea into a successful clinical trial.

Date and location: 3rd July 2026 8:30am – 3:30pm @ UQ Frazer Institute – Herston (previously UQCCR) Auditorium

Cost: \$55 (incl lunch)

Join our experienced Research Fellows in Biostatistics, Implementation Science, Consumer and Community Engagement, and Qualitative Research to develop and refine your concept into a beautifully structured synopsis.

This will be your first stepping stone to:

- effective consumer and community involvement
- optimised collaboration with other researchers/clinicians
- a highly persuasive grant application and well developed trial protocol
- trial designing with impact in mind.

How to register

1. **Pre-work: Watch self-paced content videos** (4-5 min each, total 1hr 25mins), prepare and submit your draft clinical trial concept outline by following the instructions **HERE OR SCAN THE QR CODE**

2. **After your outline is submitted**, register and pay before June 26th deadline **HERE OR SCAN THE QR CODE**
